EDUCATION

Full Stack

Masai School

July 2024 - January 2025

BCA

GGSIPU DELHI

May 2021 - June 2024

TECHNICAL SKILLS

JavaScript | Express.js |
Node.js | React | MongoDB |
RESTful APIs | CSS3 | HTML5

SOFT SKILLS

Adaptability |
Time Management

INTERESTS

- reading
- Coding

CERTIFICATIONS

- Mansab mehto,
ITI Delhi

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer skilled in JavaScript and the MERN stack, with expertise in designing efficient server-side APIs and frontend components. Quick to adapt and leverage Generative AI for innovative solutions. Strong problem-solving, and collaboration skills to drive software excellence.

PROJECTS

1. Crime Portal |  | 

JavaScript | React | Git | Node.js | RESTful APIs | HTML5 | Responsive Web Design | Redux | CSS3

 - Collaborated with a team of four to develop and implement the frontend components of the Crime Portal using React.js.
 - Assisted in designing and developing RESTful APIs with Node.js to handle backend functionalities.
 - Contributed to the creation and optimization of responsive web design using HTML5 and CSS3.
 - Participated in the integration of Redux for efficient state management across the application.
 - Supported the implementation of social sign-up/sign-in and live data tracking features to enhance user engagement.
2. YouTube Clone |  | 

JavaScript | React | Git | MongoDB | HTML5 | CSS3 | Responsive Web Design | RESTful APIs

 - Collaborated with product managers to gather requirements and successfully translated them into a fully functional YouTube clone web application.
 - Designed and developed efficient server-side APIs using Node.js and Express.js to support media content operations.
 - Implemented and maintained user-friendly frontend components using React.js, ensuring a seamless video streaming experience.
 - Created and optimized database models and queries in MongoDB to efficiently handle user data and media content.
 - Ensured seamless integration between the React frontend and Node.js backend components, providing a stable application.
 - Conducted thorough testing and debugging to identify and resolve issues, enhancing the reliability and stability of the application.
